

Tonight we are excited to have John Garrett performing for us. Before I introduce him, please focus your attention to the screen to watch a short video.

After the Video:

John Garrett has performed in Las Vegas, has opened for comedian Louie Anderson in Atlantic City and been seen in concert with the band Train. You may have heard his stand-up comedy on the nationally-syndicated Bob & Tom Radio Show or tracks from his comedy album on Sirius XM Satellite Radio. And he's written two shows that were nominated for an Emmy!

All of this from someone who used to be an accountant. After several years in public accounting being told to "think outside the box", John decided it was better to "live" outside the box. He became a corporate speaker and is quickly making a name for himself as a "recovering CPA" as visits firms and conferences across the US and Canada.

Now we have him with us here today. Please put your hands together and give a warm welcome to John Garrett.

After the Program:

Please meet me on the platform to shake my hand and after I am finished. Then please announce:

"John will be available in the back of the room handing out his website cards and looks forward to talking to all of you."

Thank you in advance!
